

Leeuwin Ocean Adventure Foundation is offering a limited number of voyages in 2010. Please register your interest as early as possible.

What are the outcomes of the voyages?

The Youth Explorer voyages allow young people to experience a unique, challenging and inspirational ocean adventure that increases self awareness, develops communication, teamwork and leadership skills, and creates a strong sense of community. The voyage program outcomes are the same for each voyage, regardless of dates or destination.

Who Can Sail?

The voyages are open to any young person aged the year they turn 15 to 25. For adults who would like to join us on an ocean adventure, please contact the office for more information.

What happens after a voyage?

Anyone who sails with the Foundation is able to return as a volunteer. This may be on another voyage, short sail, in the office, or even during refit time. As a not for profit foundation, we rely on the support of all our volunteers to donate their time and skills when they can. If you are a student that needs to complete community service requirements, volunteering at the Foundation may be a great option for you.

Curriculum Council Endorsement

For Western Australian students who are in year 10, 11, or 12, sailing on any of these voyages can count as one unit towards their studies. The voyages are endorsed by the Curriculum Council as a Personal Development Program. Completion of a voyage and portfolio of work, once achieved, earns a student 5 points towards their Western Australian Certificate of Education (WACE). A student must enrol in the endorsed program through their school. For more information on the endorsed program, please contact the office.

How much are the voyages?

The voyages are run at a cost recovery basis. All voyages are 7 days in length and cost \$1650.00 per head. This includes all sail training, any shore visits (weather permitting), use of wet weather gear, accommodation and all meals onboard. Transport to and from the ship are not included in the voyage fare. For tips on how to raise your voyage fare, please contact the office or go to www.sailleeuwin.com

How do I book my place on a voyage?

You will have to fill out a reservation and medical form. As there are a limited number of voyages, you will have to elect your top three voyage choices. Keep in mind that the *Leeuwin II* will not be sailing from mid June to August as the ship will be under refit.

Can I book a group for a voyage?

Yes. If you would like to book a group of young people to join us on a voyage, please contact the office. For every ten young people who sail with us on one voyage, an adult can accompany the students at no charge. If you would prefer a private charter, the ship can cater a voyage for up to 40 passengers.
