Leeuwin Ocean Adventure voyages give students a unique opportunity to step out of the classroom and onto Australia's largest sail training tall ship. Students will develop their teamwork and communication skills as well as build resilience and confidence.

Why Leeuwin?

- SCSA Endorsed Program (PLYEV)
- WACE and WASSA recognition (students in years 10-12 may earn up to 3 WACE units sailing with Leeuwin)
- Develop soft skills for employability
- The Duke of Edinburgh's International Award components may be achieved
- Students in years 10-12 may contribute with SCSA Endorsed Programs Work Place Learning (ADWPL), Community Service (ADCS) and may accumulate experience for some Certificate courses
- Leeuwin is a Curtin University Learning Futures Network Member, offering benefits for scholarships and alternative pathway entry.

On the voyage, the students learn resilience – they are responsible for sailing the ship from point A to point B. They develop their teamwork skills by working together in their watch groups and they bond and form new friendships throughout the experience.

When our students step off the ship, they feel incredibly proud of what they've achieved and have a renewed sense of self-confidence. The training and skills they develop on STS Leeuwin II prepares them for the rest of their lives."
