SUPPORT THE SPIRIT OF LEEWIN

Who We Are

Leeuwin Ocean Adventure is a Western Australian not for profit company and registered charity.

Conceived, designed, built, owned and operated by Leeuwin Ocean Adventure for Western Australian youth, *STS Leeuwin II* is Australia's largest sail training tall ship. Despite our geographically dispersed and smaller population in WA, voyage programs have been delivered to more young people on *STS Leeuwin II* than on any other sail training tall ship operating in Australia.

Accessibility to the ship's programs is critically important. Leeuwin Ocean Adventure's diverse voyage programs are complemented by overnight camps and daytime activities alongside in Fremantle, day sails and unique weekend voyage adventures.

Why We Are Important

A voyage on *STS Leeuwin II* is, like life itself, a great adventure.

STS Leeuwin II is the only sail training tall ship in Western Australia, purpose built to challenge and inspire young men and women to be the best they can be.

Voyages are exhilarating and challenging building core life-skills - courage, resilience, accountability, tolerance, friendship, communication, social confidence, respect, teamwork, self-awareness, leadership.

Post-voyage volunteering is encouraged – a continuation of the learning and development journey.
